

# Taking Care of Business

with **Social Print Studio**

LET US HELP YOU  
WITH YOUR BUSINESS

Don't go to the stock art store to decorate your workplace. Ditch the branded USB drives at your next event. Create unique team gifts that show you care. Here at Social Print Studio, we can make beautiful custom products to match the spirit of your company. Choose to do business with another small business.

# ABOUT SOCIAL PRINT STUDIO

Social Print Studio is a small independent online printshop based in the Bay Area. We got our start printing Instagram photos back in 2011 (you may know us as "Printstagram") and have since expanded to print all digital photos in a variety of delightful mediums.

We're known for the quality of our prints, our unique designs, and for doing all our printing in California.

Many businesses reach out to us about custom orders, so we decided to put together a catalog of ways you can use our prints to rep your company, brand, restaurant, festival, band, cult, or art project. Join the printing party!

Thanks forever,  
**SPS Team**

# CUSTOM SWAG

# CONTACT CARDS

## IF INSTAGRAM IS WHERE YOU DO #BUSINESS

Square business cards are the hippest way to rep your brand.

We'll print your photos on the front, digits on the back. You can choose a different photo for every card, and create your own graphic for the reverse. We offer two sizes, the mini 2.4x2.4 **Contact Cards** or 4x4 **Double-Sided Square Prints**. These are great for sharing URLs, custom event coupon codes, and contact information.

MAGNETS

## DON'T MAKE THROWAWAY SWAG

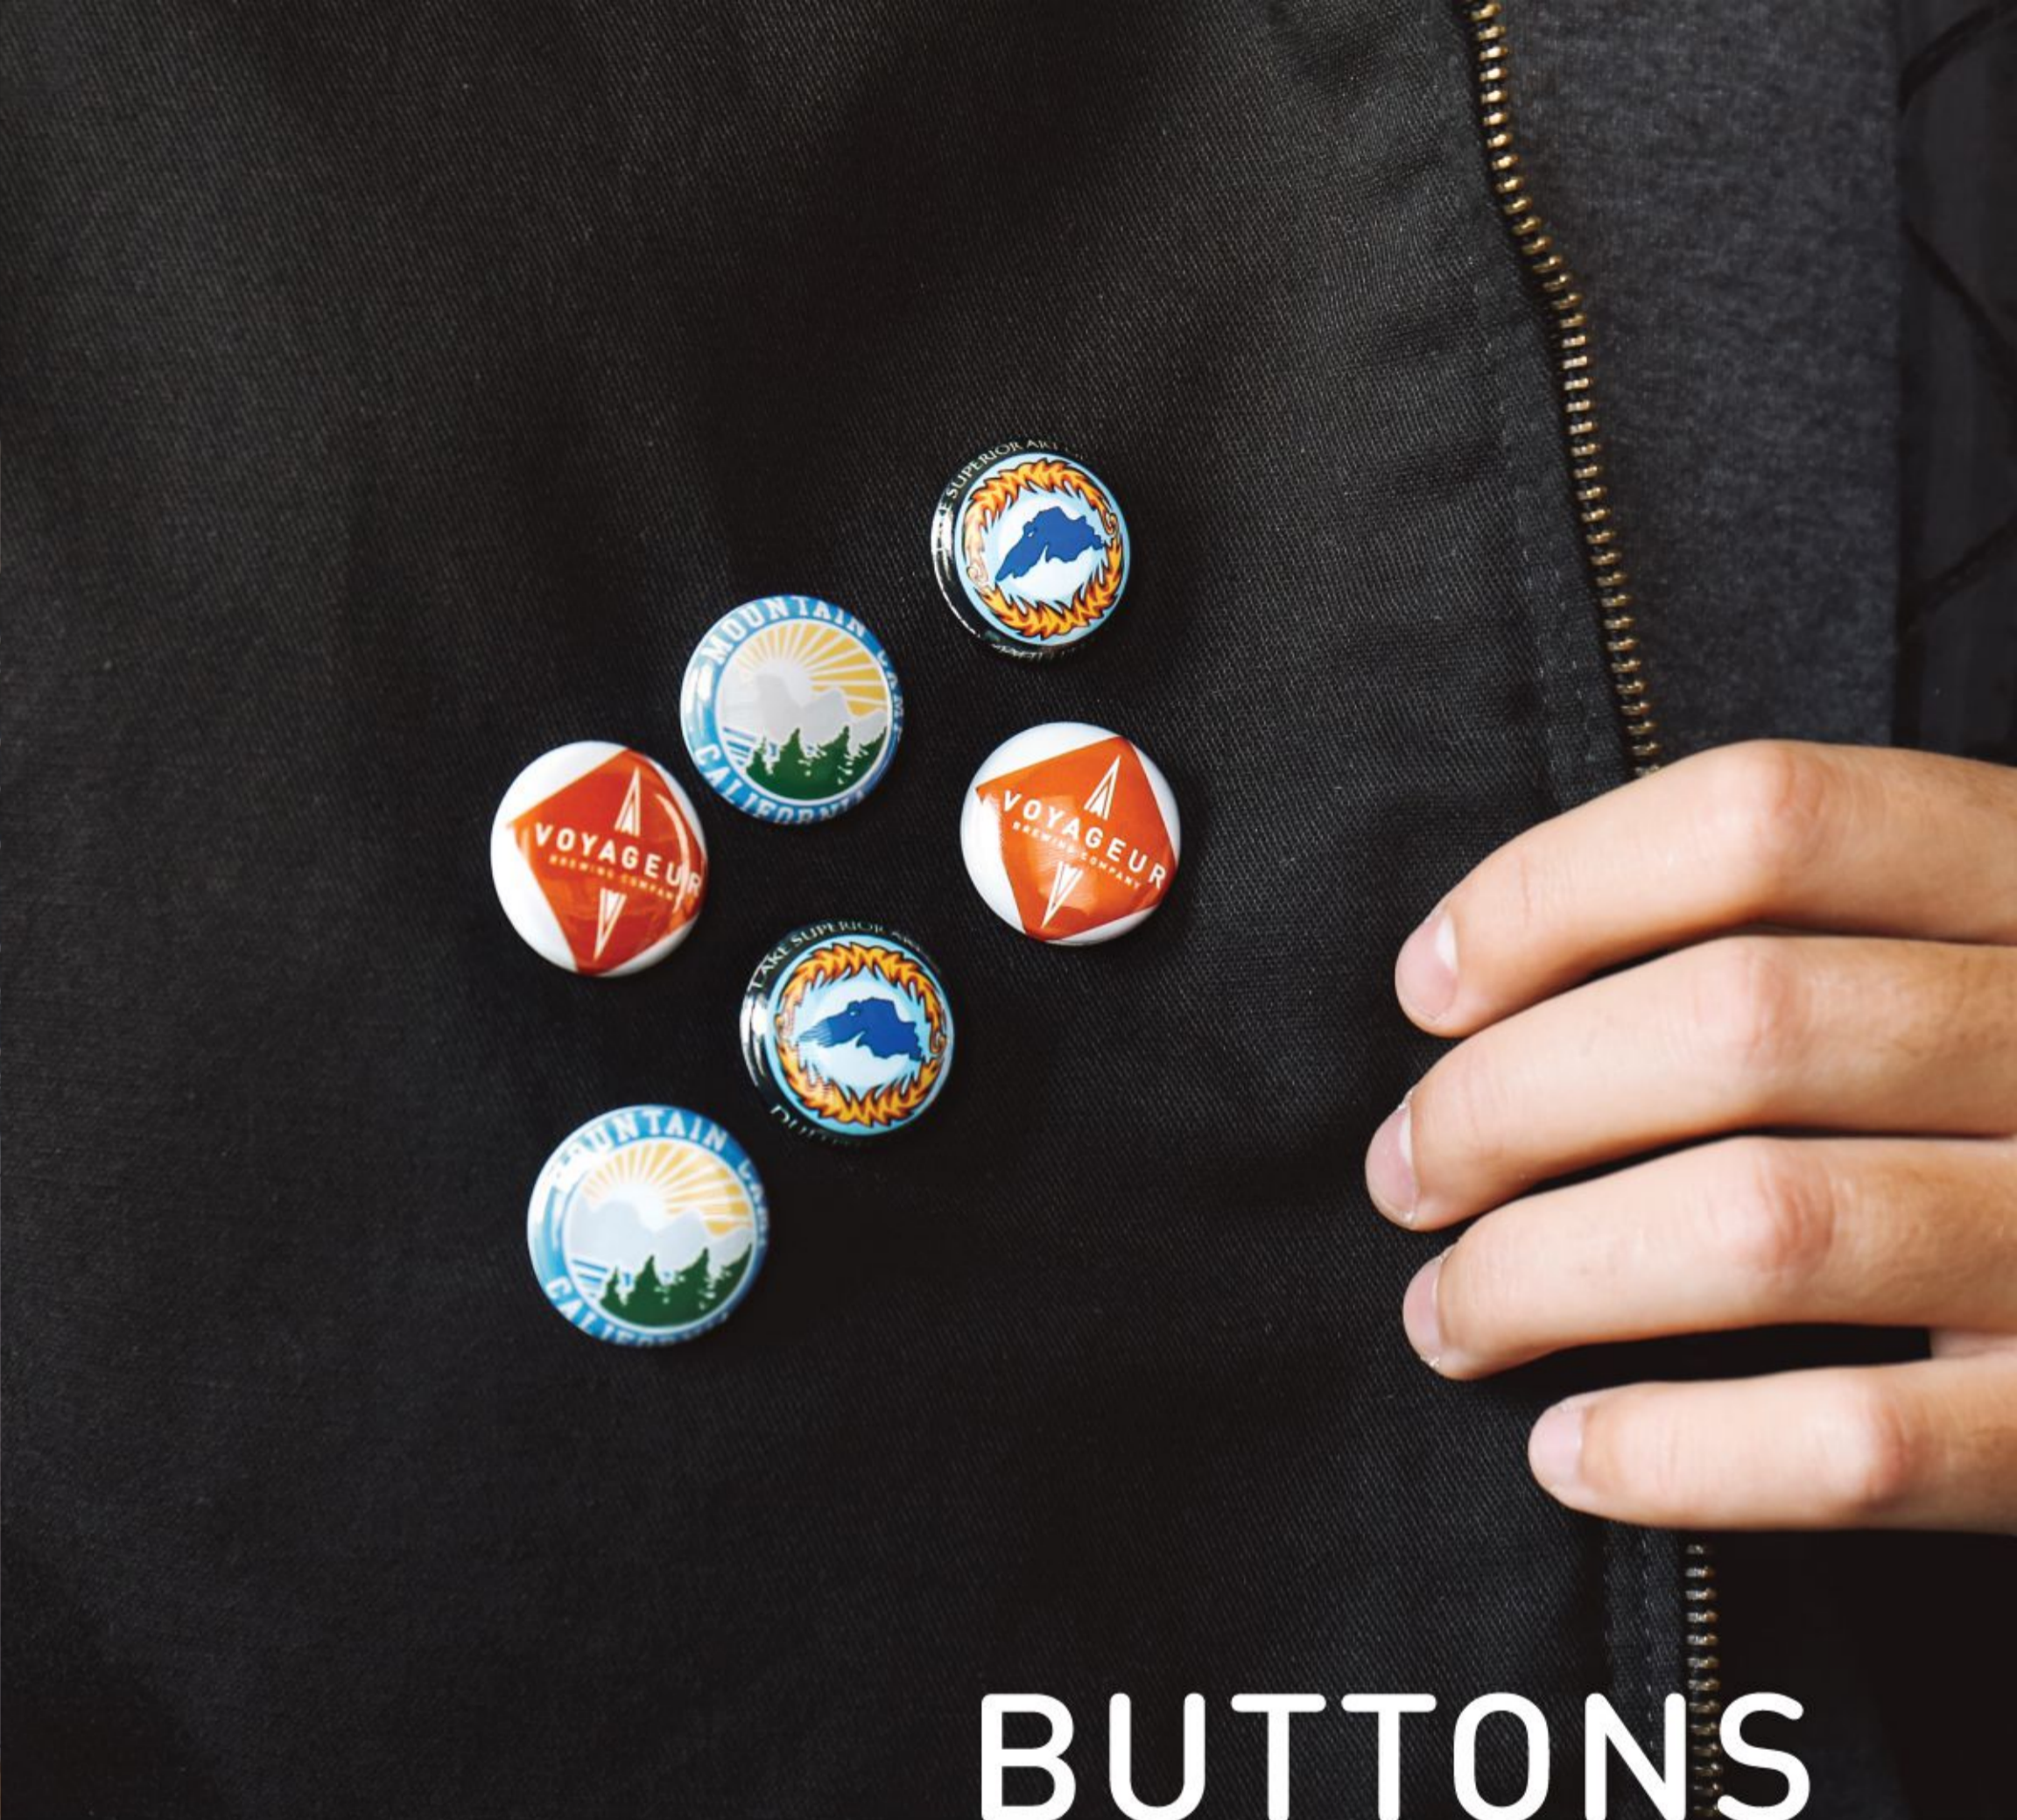

Our sturdy laminated photo magnets are built to last. A bestseller since the day we launched them back in 2014, each magnet consists of a high-quality photo print laminated and attached to a magnet. Available in two square sizes: 2x2" and 3x3" and 1" round.

# STICKERS

Our 2x2 photo Stickers are a steal. Unlike other sticker makers, you can choose as many different photos as you like for your sticker sets, and the print quality is surprisingly great. These are nice for customizing gifts and other swag, or as a giveaway themselves.

**Sold in sets of 24, with 6 stickers on each sheet.**

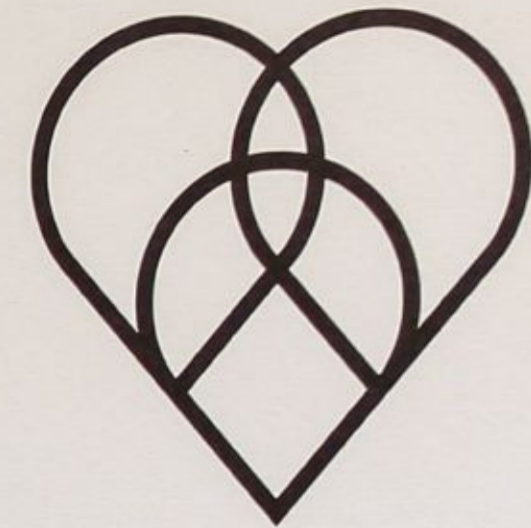

# BUTTONS

The cutting edge of wearable tech: print your digital photos on little buttons! Our 1" round buttons are the perfect size for a logo. They can be pinned to most materials and are laminated to last.

**Sold in sets of 15**

# GIFTS FOR TEAMS

THANK YOU  
for all your hard work!

Show your team you care by printing custom greeting cards! Each card is printed on 100% recycled cardstock with a textured finish. Print your logo, products, or photos from your holiday party on the front, then write a message and slide a bonus check inside.

Four sizes available, from 2x2 to 5x7.  
Envelopes included.

# GIFT CARDS

## THE GIFT OF PRINTS

Let your recipients choose their own photos and products for printing with a Social Print Studio Gift Card that will never expire! Our Gift Cards are available digitally, or can be printed on thick double-sided Square Prints with your own custom branding and photos.

**Choose your \$ value.**

# DAILY CALENDAR

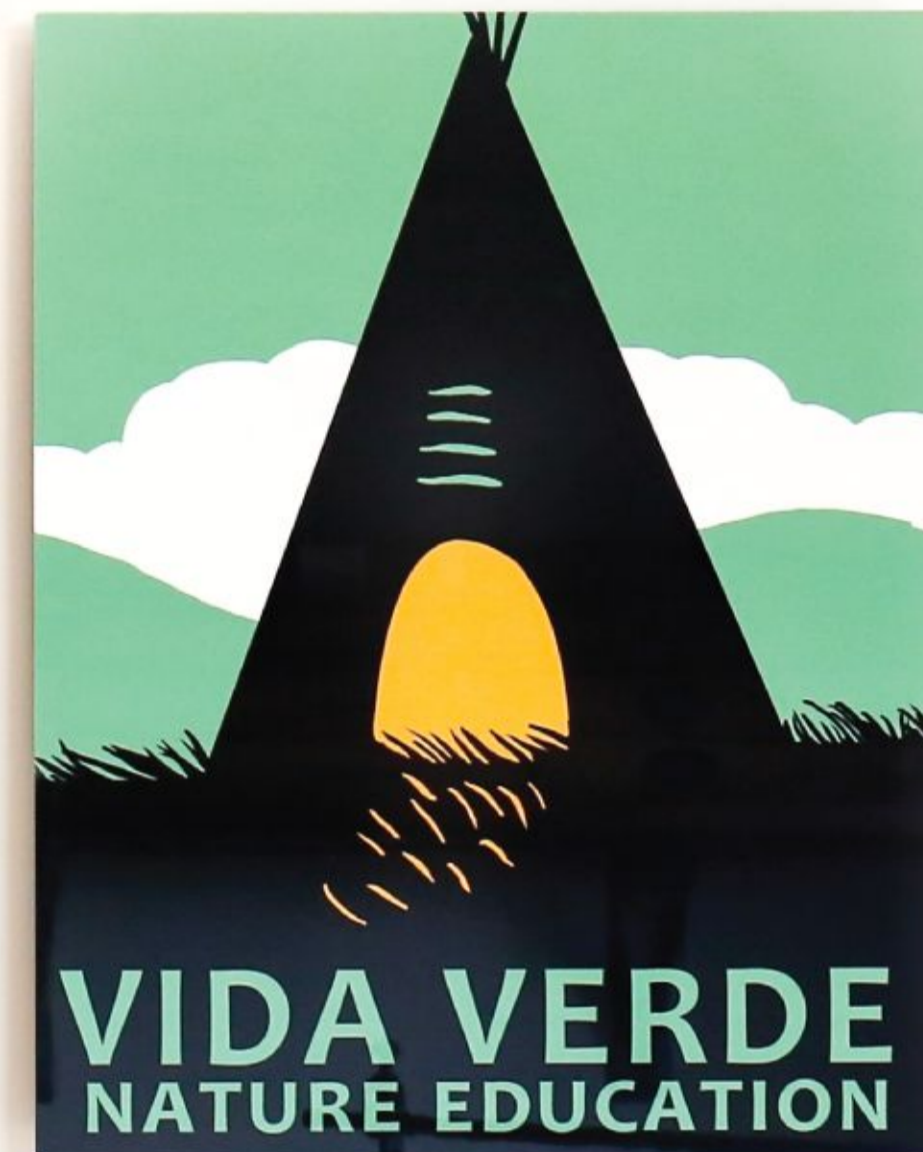

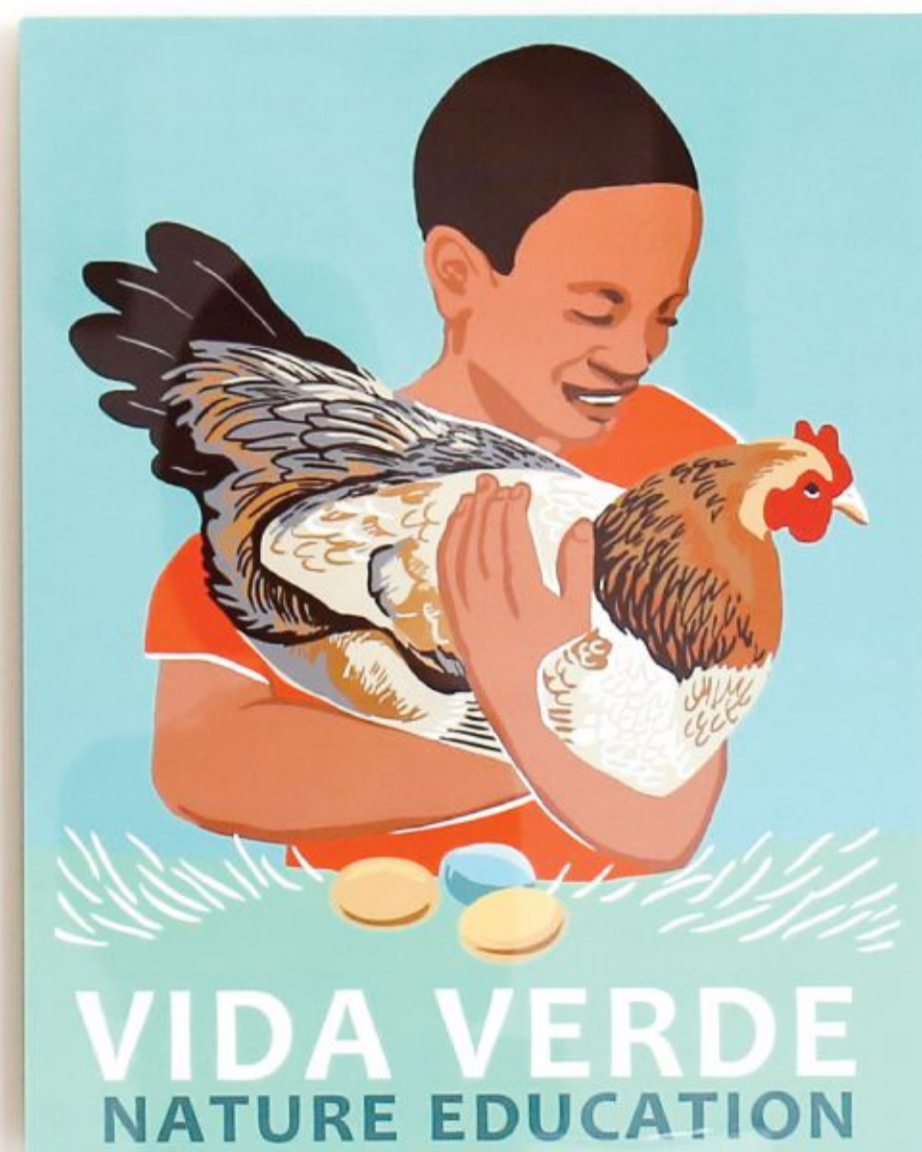

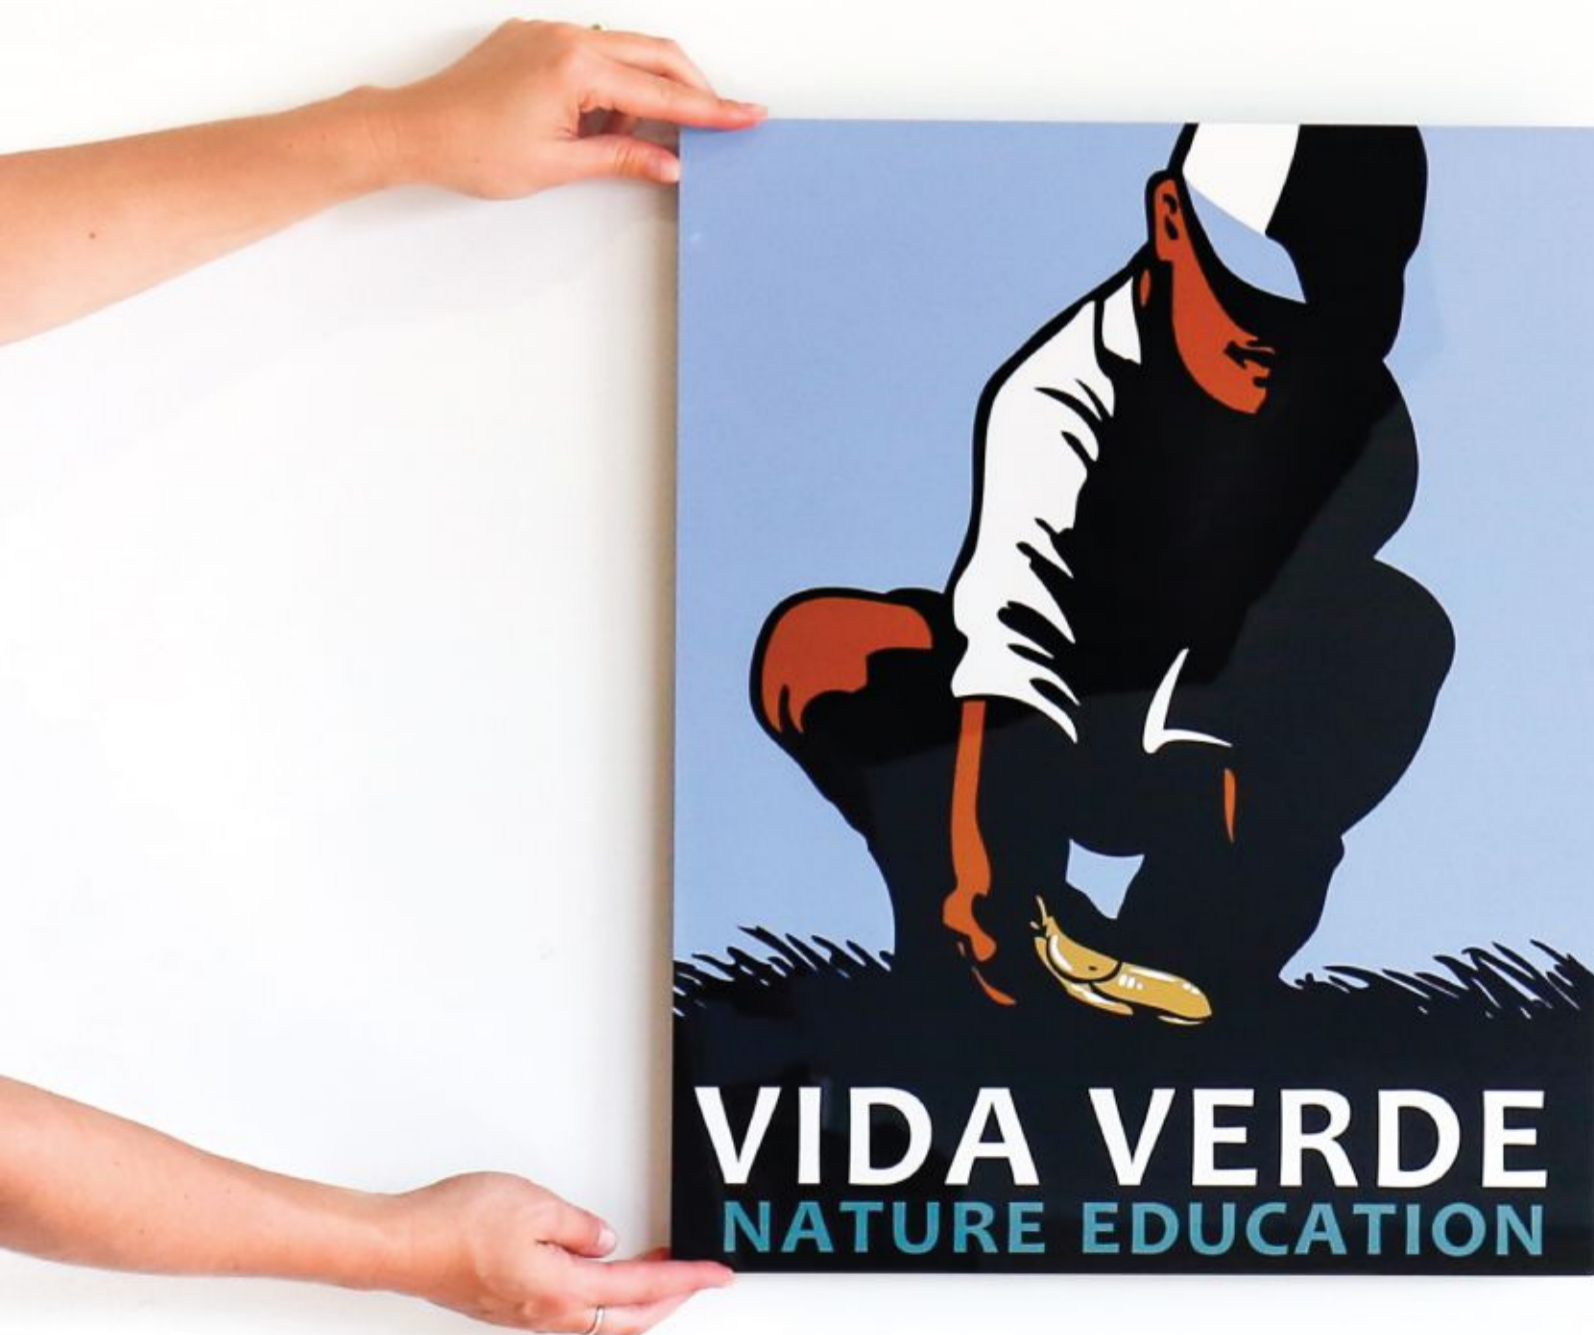

## A GIFT THAT'S GOOD FOR A WHOLE YEAR

Our custom Calendars consist of 365 photos printed and bound in a tearaway block. You can print a different photo for every day of the year or have them randomly duplicated throughout. The paper is thicker than most tear-off calendars, giving the prints a nice weight and feel. Choose from five beautiful layouts.

# PERSONALIZE YOUR SPACE

## METAL PRINTS

Our Metal Prints are the slickest way to turn your photos into lasting wall art. We'll print your photos on specially-coated aluminum with a high gloss finish that makes all the colors pop. Each print comes pre-installed with a modern float hanger on the reverse, ready to hang on your wall. With tons of shapes and sizes to choose from (round, oval, square, rectangular), these are incredibly versatile and can be used as anything from office decor to classy event signage. Shown here in 16x20.

# F R A M E S

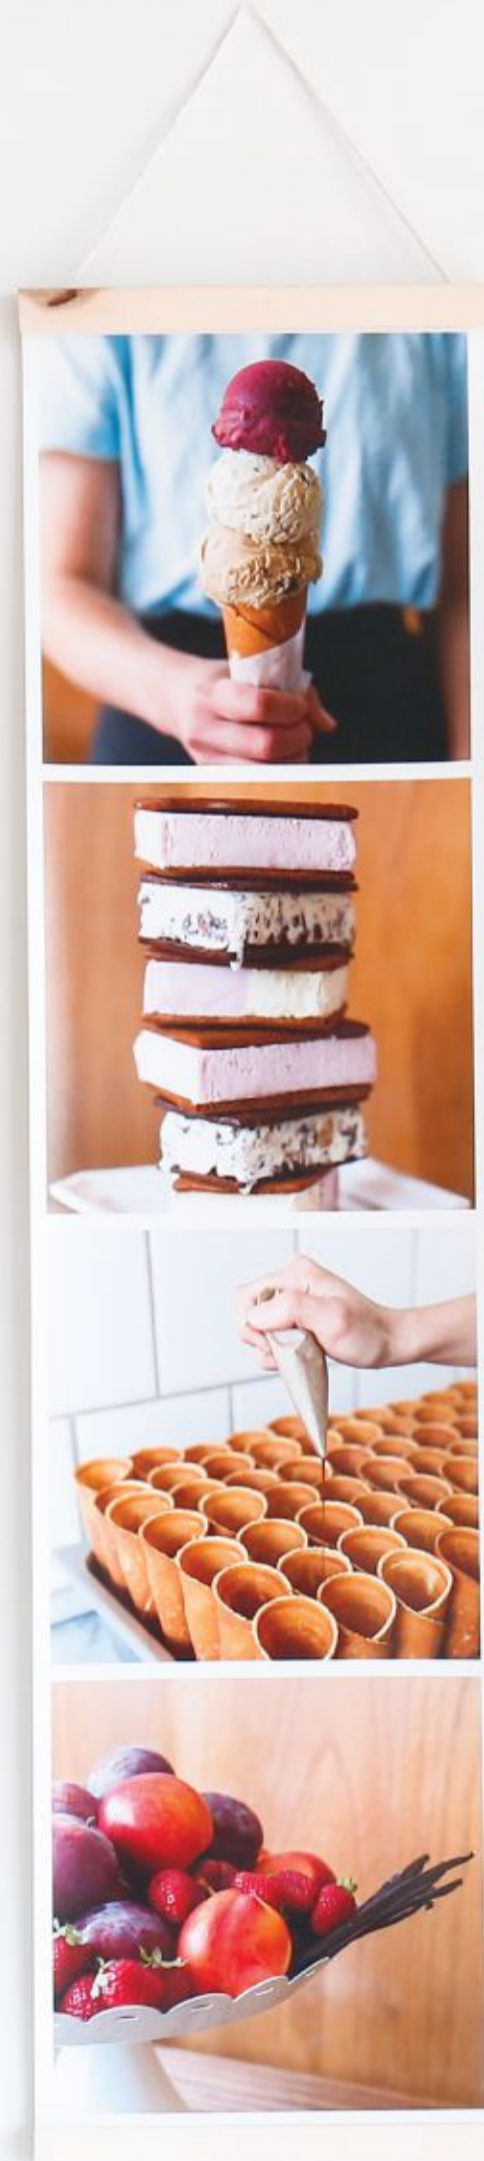

## THE CLASSIC

Print your finest company Instagrams in a clean grid as a Classic Framed Print. Each frame measures 12" x 12" and you can print 1-16 photos in four layout options and five frame colors.

## THE MODERN

If you prefer a simpler frame, we also offer the Modern Framed Print. This is a black wooden frame with a single image, expertly printed and matted behind an acrylic pane. We offer 5 sizes from 4x4 to 16x20.

# CLASSIC MATTE PRINTS

Our signature prints! Printed on thick matte paper, our Classic Matte Prints are more durable and higher quality than regular photo prints. They make great desk decor or for a print collection that you keep updated throughout the year. We offer tons of sizes and accessories to display them beautifully.

Sold in sets of 24

## 3 WAYS TO SQUARE

1

Hang them with our sleek **Magnetic Kits**.

2

Prop them up with our new **Wooden Blocks**.

3

Display them in a clean grid.

The beloved Bay Area based coffee chain **Peet's Coffee** partnered with us to decorate their bustling Downtown San Francisco location with some grid **Posters** set in custom-made **Santa Cruz Frames**.

# OUR PARTNERS

# Carbon180

Carbon 180 is an Oakland-based nonprofit on a mission to build a more carbon-conscious economy. Formerly the Center for Carbon Removal, the organization used our Stickers, Magnets, and Buttons for their rebranding project: showing off their new name and logo in style.

We partnered with **Tiny Atlas Quarterly** to provide prints for their photography exhibit at Alite Design's Outpost in the Mission, SF. More than 9,000 photos were submitted over Instagram. Those that were selected were printed on our **4x4 Square Prints** and displayed in the gallery.

SPS partnered with **Doughp**, a legit and edible cookie dough company to help promote their brand. We printed custom **Contact Cards** of their treats and **Postcards**, for sale at their San Francisco storefront.

“

**KELSEY** After falling in love with Social Print Studio as a consumer years ago, it was a no-brainer to use them for my new business, DOUGHp! We sell edible cookie dough. We have such a visual product, so customers and potential clients light up when they see my SPS Contact Cards. We also worked with their team on some Postcards for sale in our store... #freemarketing!

## BUSINESS OWNERS LOVE US

**BROOKE** Being a professional photographer has made me picky about the printers I use for my personal printing. Social Print Studio is hands down my favorite place for printing my vacation albums, thank you cards and large wall prints. They are incredibly easy to use and are always quick at getting my orders shipped, especially since I'm always eager to see my work in print. It's like Christmas when my Social Print order arrives!

**CELESTE** I started using Social Print Studio in 2015 for the purpose of branding my business. I wanted something aesthetically timeless, with a level of quality that would help to elevate our packaging and set us apart from others. Every product they offer is multi-functional for us, so it makes ordering very efficient. I'm proud to say we've used SPS from startup to full-on accessories brand, and will continue for years to come.
